

GREVILLEA

Grevillea Apricot Glow

A hardy, dense, fast growing evergreen shrub. Dark green olive shaped leaves support an abundant display of apricot spider-like flowers from Autumn through to Spring. Ideal for screens/hedges and native gardens.
H 2m x 2m

Grevillea Bonnie Prince Charlie

A compact grower to 60cm. Spring to summer sees a gorgeous display of bright red and yellow flowers. An ideal variety to be grown in containers. Great for attracting birds and bees to the garden.
H 50cm x 60cm

Grevillea crithmifolia 'prostrate'

A prostrate variety spreading up to 2m with light green foliage. It has a spreading habit and produces a profusion of white flowers in spring. It is well suited to coastal conditions and is dry tolerant once established.
H 30cm x 2m

Grevillea Dorothy Gordon^(b)

Large shrub with grey-green fern-like leaves and bronze new leaf tips. Unusual mauve pink, bird attracting flowers appear through most of the year. Plant in full sun to light shade in well drained soil. Water well in dry periods.

H 3m x 2m

GREVILLEAS

Grevillea Gin Gin Gem

A fast growing hardy groundcover producing masses of small red flowers during winter and spring. Minimal water required once established.

H 30-45cm x 3m

Grevillea Loopy Lou

A small hardy shrub with year round flowers. The flowers open lime/yellow with red tips before changing to light pink then dark pink to red.

H 1m W 1.5m

Grevillea lanigera 'Mt Tamboritha'

A tough, reliable groundcover with narrow, pointed almost succulent like green foliage. Best used for covering embankments, growing under trees and attracting birds.

H 40cm x 1-2m

Grevillea Moonlight

A medium shrub growing up to 4m with attractive grey-green foliage. For most of the year it has elegant creamy-white flowers that turn lemon-yellow.

Great for screens, hedging, large containers and for attracting birds.

H 3m x 3m
