H 2-3m W 2-3m 175mm Pot

Clerodendron ugandense

*The benefits of green surroundings in life are invaluable.*

*By surrounding ourselves with plants and trees we are provided with a healthier, happier and more positive life.*

*It's been found that plants can help to relax and renew our body & mind.*

*They enhance concentration, reduce mental tiredness and provide us with the ability to make more positive decisions.*

*The lives we live with today's hustle and bustle could certainly do with every little bit of help we can get.*

Scaevola Edna Walling Fantastic

**GARDEN  
RELEAF**  
A HELPING HAND

## Sunday March 19

Scaevola Edna Walling Fantastic is a dense matting plant. It's lush green foliage is covered with mauve fan flowers from late Spring through till Autumn. Butterflies, moths and other beneficial insects to the garden are drawn to its mass of flowers. It performs well in most locations, preferring well drained soils and a partly shaded position. H 10cm W 150cm 140mm Pot.

Eremophila nivea Blue Velvet is a grafted improved form of Eremophila nivea. It has superior disease resistance and is less susceptible to foliage damage than the normal form while maintaining the vivid blue flowers and attractive silvery grey foliage. It is a hardy drought tolerant plant once established. Trim lightly after flowering to maintain a compact habit. H 1.5m W 1.5m 200mm

Scaevola Cobalt Candles(b)

Scaevola Cobalt Candles(b) has beautiful rich blue to purple fan shaped flowers throughout the warmer months of the year.

It performs well in both garden beds and hanging baskets in a sunny position.  
H 20cm W 50cm 140mm Pot

Eremophila Grafted Blue Velvet

Rosemary Tuscan Blue is a popular shrub for its hedging and culinary use, but it gives us so much more!

In addition to its common uses, it provides a positive influence over our mental health and is said to improve concentration as well as stimulating and conditioning hair when used as a rinse. And, that's just a start!  
H 1.5m W 1.5m 175mm Pot
