Eremophila glabra Blue Horizon™ 'EREM1'℗
An improved cultivar - a denser and tidier ground cover than the well known Kalbarri Carpet.

Dichondra Silver Falls
A low growing groundcover with silver heart shaped foliage. Best planted in a semi-shaded position, Silver Falls is great for retaining walls, hanging baskets and vertical gardens. Requires watering occasionally during extended dry periods.

Convolvulus Silvery Moon
A mounding small shrub with silky silver leaves. White flowers through the warmer months. Useful for rockeries, borders, poolside and coastal plantings.

Pycnosorus globosus or Billy Buttons is a tufting perennial growing from an underground rhizome. It has woolly silver-grey foliage and bright yellow globular flower heads in late spring and summer.

GREY FOLIAGE

Helichrysum Icicles is a small shrub with fine silver foliage. Useful for low hedges, small spaces, mass plantings and adding textural interest. Responds well to clipping.

Teucrium Silver Box An ornamental grower to 1.5m with silvery foliage. Deep blue flowers from Autumn through to late Spring add extra interest. Great for hedging and narrow areas.

Lomandra Frosty Top ℗ A stylish decorative grass with lightly weeping, fine grey-green foliage and silver-frosted new growth. A great low maintenance option for rockeries, along pathways and containers.

Leucophyta Silver Bullion is a very compact variety of the popular Cushion Bush.
The contrasting silver foliage adds texture and year round colour to landscapes. Small yellow button flowers in spring.
