Orange Twist (b)

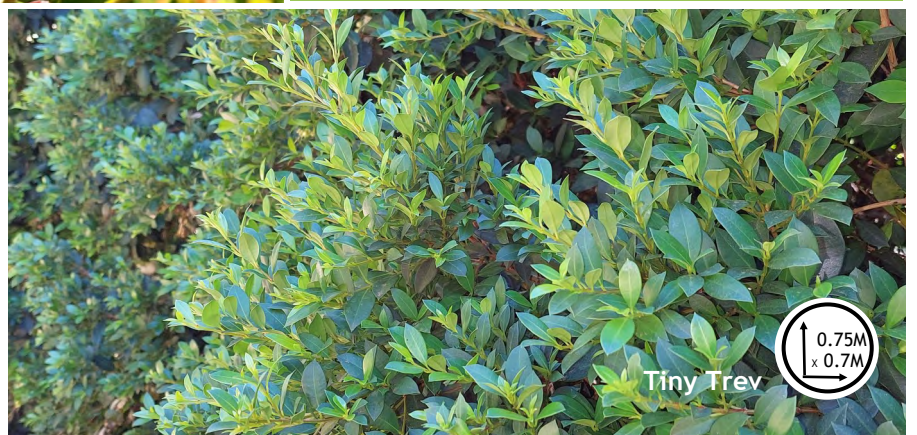

Orange Twist (b)

A strong grower with glossy, dark green foliage. The new growth emerges a vivid orange and is slightly twisted. In Summer, fluffy white flower clusters are followed by edible magenta coloured fruit.

Backyard Bliss (b)

A fast growing variety of Lilly Pilly. It is psyllid resistant. The new growth is tinged bronze and it maintains healthy, glossy, clean foliage year round. Perfect as a tall hedge around pools, along fences and between neighbours.

Tiny Trev

Tiny Trev

A dense, tightly formed shrub. It requires little maintenance aside from regular water during the summer months. A great option for patios, containers and topiary.

SYZYGIUM

Cascade

Cascade

A cascading shrub with attractive new growth that changes through shades of pink to green. Pink flowers in summer mature to bright pink edible fruit.

Winter Lights^(b)

A psyllid resistant variety with brilliantly coloured new growth of bronze-orange and red tones. An excellent variety for screens, hedges and containers.

Winter Lights^(b)

Resilience

A proven variety resilient to the many pests and diseases that target Lilly Pillies. It has red new growth with fluffy white flowers in Spring and Summer.

Straight and narrow
'SAN01' pbr

Resilience

Straight and narrow 'SAN01' pbr

A dense, compact variety with a narrow upright habit. Perfect for planting in constricted areas. Psyllid resistant.
